DIAGNOSTIC  
TECHNOLOGY**

**LET SCIENCE DETERMINE  
THE RIGHT BED!**

Our patented diagnostic system, using over 12 million profiles, 1,000 calculations and 18 statistical measurements, can recommend a mattress to fit your unique body.

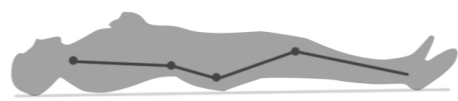

**PROPER SUPPORT RESULTS IN PROPER ALIGNMENT**

**NOT ENOUGH SUPPORT**  
and the lumbar isn't properly supported. Neck is extended

**TOO MUCH SUPPORT**  
and the shoulders are too pushed forward, legs down as the hips sit on the mattress rather than align with the body
